## DOG AND CAT MOTEL

### **FUN TIME ACTIVITIES :**

*You would never guess the fun your pet can have while you are away. For our more "social" boarders: Please let us know if your pet would like a play pal during fun-time activities. (If available)*

### **OFF-LEAD TIME:**

*We have escape-proofed an acre out back. This is a nice quiet country atmosphere. No leashes during this time. This activity is supervised at all times and it gives dogs a chance to run and romp, jump and play, get-the-energy-out, or just to sniff and explore. This is our most requested fun-time activity.*

*\$7 = at least 15 minutes*

### **OFFICE TIME:**

*This is a social or one on one activity in a safe and double door environment. Lots of staff members to play with and get extra attention from. We get to know the pets better, and the pets get to know us more quickly.*

*\$7 = at least 20 minutes*

### **NATURE WALKS:**

*For either a ½ hour or a full hour we take your dog around twenty acres on a 50 ft. lead. We often see pheasants, ducks, rabbits, geese, buffalo and sheep. This is a seasonal fun-time activity due to condition of fields and certain grass seeds.*

*\$13 = at least ½ hour*

### **SNACK-N-SNUGGLE:**

*New to our fun time options! A member of our staff takes an easy to digest snack bone into your dog's facility and gives them one on one attention while they enjoy their treat!*

*\$7 = at least 15 minutes*

### **KITTY KUDDLER:**

*Does your cat enjoy being held, brushed, or have playtime with toys? We can do this for you. They can also have more time to cruise the hallways to stretch and investigate things. There are double doors to provide a safe environment.*

*\$6 = at least 10 minutes*
