

## Pre - Board Checklist

### Information Needed:

- Name, address, and phone number
- Pet's name, breed, age, and whether spayed or neutered
- Veterinarian's clinic location and phone number
- Special instructions (allergies, medications, epilepsy, deafness, etc.)
- Emergency contact's name and phone number

### Immunization Requirements:

All vaccinations\*\* must be administered by a certified veterinarian or vet tech, and verified as such.

### Dogs must be immunized against:

- Rabies
- DHPP (distemper, hepatitis, parainfluenza, parvovirus)
- Bordetella

### Cats must be immunized against:

- Rabies
- FVRCP (panleukopenia or distemper, feline rhinotracheitis, calicivirus and pneumonitis-chlamydia)

\*\* Any other variations must be verified by a certified veterinarian.

### Things to Remember:

- Make reservations early!!! Especially during seasonal events.
- Use a permanent marker or something to label your pet's items.
- Let your emergency contact person be aware of your itinerary, pet's needs, restrictions and other important information.
- Please do NOT allow any member of the family to stage an emotional 'farewell' scene. Your pets can be made to feel unnecessarily anxious about the visit if they are subjected to this kind of dramatic display.
- Make sure all immunizations are current and on file with our staff.
- If your pet is not used to your being away, please bring in a towel, tee shirt etc. (something with your scent on it)
- Please try not to overfeed your pet or give excessive amounts of treats before boarding; this may result in an upset stomach.
- RELAX AND FOCUS ON YOUR TRIP OR ADVENTURE. (We are all animal lovers and promise to do our best)
